**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, lines 17-18; claim 3, lines 17-18; claim 5, lines 13-14; claim 6, line 11; claim 7, lines 28-29; claim 9, lines 11-12; claim 11, lines 19-20; and claim 12, line 12, the recitation of an action that both occurs "periodically" and occurs "at a variable interval" is unclear, insofar as the latter description contradicts the former term.

***Allowable Subject Matter***

3. Claims 1-12, insofar as they are understood, would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
4. The following is a statement of reasons for the indication of allowable subject matter:

Art Unit: 2625

As noted by Applicant (5/19/06 Response: page 12, line 1 - page 13, line 5, particularly page 13, lines 1-5), the art of record does not teach or suggest periodic output of printing state information at a variable interval. (Insofar as the conjunction of these two features is understood by Examiner, they appear to describe a periodic process in which the period length is varied, as described in Applicant's Specification at page 45, lines 15-20.)

#### **Conclusion**

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 2625

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
